ACTIVON

ACTIVON was established in January, 2009 as an innovative sensible and effective cosmetic ingredients company. ACTIVON has succeeded in developing sustainable active ingredients, such as propanediol, by Biotechnology, so the world can fully recognize the company as an eco-friendly competent cosmetic ingredients company.

As ACTIVON continues developing ingredients based on Green and Biotechnology, ACTIVON will grow as a company for the next century, fulfilling its social responsibility to its staff, customers and business partners.

Corporate values

ACTIVON has been growing slowly but sincerely. Nature’s vitality, Passion for beauty, Communication between people, Trust based on tradition and technologies. All the values we keep for further growth. On the basis of Nature, Passion, Human and Trust, We are now going to deliver happiness to more people. We make happiness, We are ACTIVON.

Nature

Inspired by Nature, ACTIVON produces bio materials and replacement of preservatives which are friendly to skin and nature.

Trust

ACTIVON has been working on eco-friendly bio materials which are safe and efficient, and will pursue sustainable growth based on technical excellence.

Human

ACTIVON encourages employees’ growth and communication by providing education reimbursement program for self-improvement and organizing various seminars and workshops.

Passion

ACTIVON supports young artists and helps people feel closer to fine art by working on Art collabo projects.

Global Corporate

ACTIVON has been dedicated to developing cosmetic materials safe for human and nature, and through the acquisition of EFfCI-GMP certification, it has gained international competitiveness and has grown into a more reliable material company not only in Korea but also in the global market.
